

6/16/22

Greetings to our Agape Family,

I have an update on the travel of our cargo to Jacmel. The cargo is currently in Port au Prince and will be processed through customs prior to release for the flight over to our compound near Jacmel. Please continue prayers for the cargo to be released untouched by Haitian customs. The nutrient supplements are badly needed by our Malnutrition Clinic. There have been no KAH meals to distribute since April. We have not taken on any new patients as the basic treatment for them is not available in our clinic. The children are just eating plain rice and beans which is lacking all the protein, minerals and vitamins needed by growing children. It will be a blessing to provide the supplements that they need for normal development as soon as the cargo arrives in Jacmel.

Thank you is not enough to express the appreciation of this life saving support that you are providing for these children and their families. They have no other source for basic nutrition or the special supplements the mission is able to provide them because of your support and prayers. You are being the hands and feet of Jesus to the least of these in Haiti.

This is our first experience using the MFI service to fly the cargo into Haiti, process it through customs and then fly it to Jacmel to avoid the dangers of robbery by the gangs controlling the roads leading in and out of Port au Prince. God has opened this door to partnership with MFI and we have walked through it in obedience. The financial cost is something we had not budgeted but we are trusting God to provide the funds needed. He is faithful to give us what we need.

Please keep the prayers going for the people of Haiti who are caught in the political unrest and gang violence. The majority of the Haitian people want peace and the ability to go back to their lives and homes without fear of gunfire and kidnapping. Please pray for the mission to be blessed with the ability to serve the community of Bremen with the love of Jesus and the provisions they need.

We give all the praise and thanks to God for His goodness and provisions. To Him be the Glory.

In Service to the King,
Linda
